Thanks so much!!

Let's 'pay it forward . . .'

The 'pay it forward' suggestion and challenge is for each donor to recruit three other people who will also donate, giving us an exponential effect which will get us to our fundraising goal more quickly. For example, 100 people who recruit 3 people each is 300 people who donate, which leads to 900 people who donate, which leads to 2,700 who donate, which leads to 8,100 people who donate. This is 11,100 people donating a total of \$3.3 million, saving 63 positions.

it's not just for kids,
it's for the community

Save Janesville Schools is a grassroots movement of citizens: parents, business members, and school district employees who recognize the need to help Save Janesville Schools from dramatic budget cuts, believing that quality schools provide community growth.

Goal = \$6 million

How will this help me?

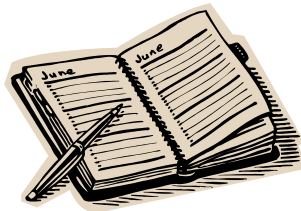

Research shows that businesses, particularly small business and high-tech firms consistently rank quality of life, which includes the quality of the school district, near the top of the criteria when selecting a location.

"Of all the local neighborhood amenities that can influence a buyer's decision to purchase a home, proximity to good quality schools is one of the most influential."

~ National Association of Realtors

June 1 is an important fundraising deadline because the School District needs time to plan for the 2011-2012 school year.

If 1/3 of Janesville residents give one \$300 unit, the goal of \$6 million will be attained.

How will the funds be used?

- Donations will be used to restore cut programs that directly affect our students.
- The school board and administration will prioritize the needs, and funds will be used accordingly.
- Donations are tax deductible, and every donor will receive a tax receipt.
- Donations of any size will be gratefully accepted.
- Suggested donation is 1 unit, which equals \$300.
